*NOTE: This route was designed for the adventurous randonneur. With over 36 miles of dirt road, possible water crossings, grades in excess of 14% and open range riding, advanced cycling skills are required. Rider equipment selection and time management are crucial. Tire widths of 32mm or wider are recommended. Large bottles or camelbak suggested. RUSA Route #1276 with 12,200' climbing.*

*Ride report or informational video of this route may be available on the San Diego Randonneurs website: <http://www.sandiegorandonneurs.com>*

Good Riding,
