NOTE: *This route climbs Old Hwy. 395 northward, skirts Temecula and passes through equestrian estates and vineyards on less traveled roads to Hemet. Unlike the TR-185 Permanent, this route has no dirt roads, but still maintains almost 10K of climbing. Ample services along this route. Best traveled during the week for very light traffic. RUSA #1838.*

Ride report or informational video of this route may be available on the San Diego Randonneurs website:
