**NOTE:**  
*This route is designed for the more adventurous randonneur and is a mixture of 43 miles well defined trails/dirt roads with 39 miles of hard surfaced roads. San Dieguito & Upper Santa Ysabel Trails are mostly maintained. Lower Santa Ysabel is not maintained and may be overgrown in places. There are sections of long climbing in excess of 12% and seasonal water crossings.*

*Cyclists are advised to ride in pairs, carry additional water, supplies and ample fix it parts for your bicycle. Correct bike type and tire selection are crucial for a memorable ride. MTB or other wide tire bike is advisable. Arm & leg coverings are optional for areas of dense brush & to protect from creepy-crawlies! Some trails go through primitive areas. Read the Trailhead signs for seasonal animal warnings!*

*Ride report and video of this route is available on the San Diego Randonneurs website: <http://www.sandiegorandonneurs.com>*
